

Assistive Technology Products

TAM Technology Fans Includes User's Guide

Web 2.0 for Teaching and Learning

With Web 2.0 technologies, you can engage students, revitalize content presentations, promote deeper level student collaboration, and be a more efficient and productive teacher. Developed by national experts—Linda Carling and Kristen Thompson—this fan describes more than 60 Web 2.0 tools along with suggestions for their use in K-12, higher education, and professional development.

Price: \$12.95 (plus s/h)

NEW!

Universal Design for Learning

Universal Design for Learning (UDL) is an approach to curriculum development, instruction, and assessment that uses instructional and assistive technologies (AT) to accommodate individual learner differences while engaging all learners. This TAM Fan—written by national expert John Castellani—is designed to help you plan lessons that incorporate UDL principles to ensure that all students succeed.

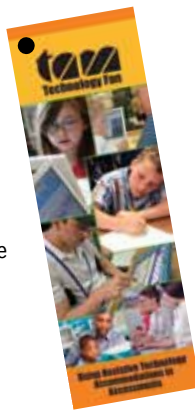

Price: \$12.95 (plus s/h)

Using Assistive Technology Accommodations in Assessments

Students with disabilities often require accommodations to help them demonstrate their achievement. This TAM Technology Fan provides IEP team members and practitioners with a sampling of assistive technology devices that may help a student participate in both classroom and districtwide assessments.

Price: \$12.95 (plus s/h)

Assistive Technology Considerations for Academic Success

Discover new ways to support students with disabilities participate and progress in the general curriculum. This TAM Technology Fan provides IEP team members and practitioners with a sampling of assistive technology devices that may help a student succeed academically.

Price: \$12.95 (plus s/h)

Supports for Young Children

Technology supports can help children with disabilities not only to participate, but also to do so independently. This TAM Technology Fan is a practical tool for families, teachers, service providers, and other caregivers to use when considering technology items for young children.

Price: \$12.95 (plus s/h)

Special Offer! Buy any two TAM Technology Fans for the discounted price of \$22.00 (plus s/h)

Integrating Technology Tools into Instruction

What's Working in Inclusive Classrooms

Find out how expert practitioners—Karen Janowski, Gina Stefanini, and Patricia Weismer—are using instructional and assistive technologies in inclusive classrooms to enhance student learning. Each chapter is filled with practical ideas, strategies, and a variety of easily obtainable technology tools that can be easily implemented. An introductory chapter written by national expert Madalaine Pugliese describes competencies that instructional and assistive technology specialists who are working on co-teaching teams should have when helping teachers integrate technology tools into curriculum and instruction.

Price: \$22.00 (plus s/h)

About the Technology and Media Division—TAM

TAM is the official division of the Council for Exceptional Children that works to promote the availability and effective use of technology and media for individuals with disabilities. TAM members receive access to the *Journal of Special Education Technology* and the TAM Connector newsletter

TAM Series—Practical Ideas for Practitioners

Instructional Technology Helping Students Access Curriculum Content

Written by national experts—Lynn Boyer, John Castellani, Brenda Heiman, Marjorie Montague, Cynthia Okolo, and Cheryl Wissick—this book describes how instructional technology (IT) can be used to help all students, including students with disabilities, access the general curriculum. Topics include:

- Helping students access IT.
- IT for special education administrators.
- Engaging students in science and social studies with IT.
- IT and math problem solving.
- IT interventions for reading and written language.

Price: \$22.00 (plus s/h)

Considering the Need for Assistive Technology Within the Individualized Education Program

Written by national experts and practitioners—John Castellani, Penny Reed, Joy Zabala, Jeanne Dwyer, Sarah McPherson, and Judy Rein—this book is a must for IEP teams as they consider assistive technology for students with disabilities.

Price: \$22.00 (plus s/h)

A School Administrator's Desktop Guide to Assistive Technology

Written by national experts Gayl Bowser and Penny Reed, it describes the school administrator's role in ensuring that assistive technology is provided in a manner that is legal, ethical, and cost-effective.

Price: \$22.00 (plus s/h)

Accommodating Students with Disabilities—Instructional and Assistive Technology Tools that Work!*

National experts share practical tools and approaches for using instructional and assistive technology to help students with disabilities participate in and access the curriculum.

Price: \$22.00 (plus s/h)

Technology and Media for Accessing the Curriculum— Instructional Support for Students with Disabilities*

National experts offer practical ideas for using assistive and instructional technology to help students with disabilities access the curriculum.

Price: \$22.00 (plus s/h)

Technology Integration— Improving Access to the Curriculum for Students with Disabilities*

Find out from national experts how to integrate technology into the curriculum to improve results for all students, including those with disabilities. Bonus chapter: A summary of how assistive technology is addressed in the IDEA 2004 regulations.

Price: \$22.00 (plus s/h)

Learning Disabilities and Assistive Technology—Learning Tools Across the Curriculum*

Written by national experts Deborah Newton and Amy Dell, this book is packed with practical strategies and suggested assistive technology tools for helping students with learning disabilities access the general education curriculum.

Price: \$22.00 (plus s/h)

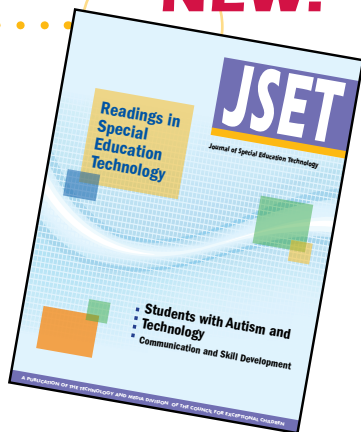

* Chapters contained in this book were first published in TAM's *Technology in Action* series.

Readings in Special Education Technology

This new series—with introductions by Jim Gardner and Dave Edyburn—packages relevant articles from the *Journal of Special Education Technology* on specific topics. Titles of the JSET Readings:

- **Students With Autism and Technology: Communication and Skill Development**
- **Assistive Technology for Young Children**
- **Universal Design for Learning**
- **Research Reviews**
- **Literacy and Assistive Technology**

Price: \$25.00 each (plus s/h)

Special Offer!
Order any two JSET Readings for \$44.00 (plus s/h)

Assistive Technology Planner

From IEP Consideration To Classroom Implementation

Based on research conducted by Margaret Bausch, Melinda Ault, and Ted Hasselbring at the National Assistive Technology Research Institute, this kit contains tools that IEP teams can use when considering, selecting, and implementing assistive technology for a student. The practical toolkit includes: user's guide, implementation planning tool, and individual Assistive Technology Planners for teachers, administrators, and families.

Price: \$39.00 (plus s/h)

Individual teacher, administrator, and family planners—along with the implementation planning tool—are available for \$15.00 each (plus s/h).

Journal of Special Education Technology

JSET is a refereed professional journal that presents current information and opinions on issues, research, policy, and practice related to the use of technology in the field of special education. Each subscription includes 4 issues.

Subscription rates:

- Individual U.S. mail **\$87.00**
- Institutional U.S. mail **\$208.00**
- Canada mail **\$252.00**
- International (non Canada) mail **\$274.00**
- Electronic (Read-only, sent to an individual's email address) **\$142.00**

JSET Volumes 1-24

CD-ROM contains PDFs of all issues of the acclaimed *Journal of Special Education Technology* from 1978 through 2009.

Price: **Individual \$250.00** (plus s/h)

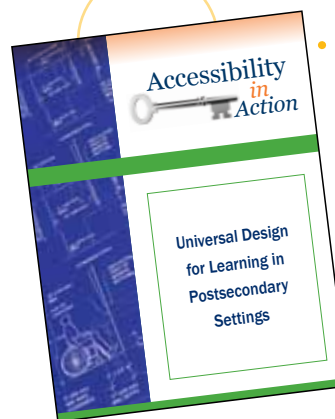

Institutional \$500.00 (plus s/h)

Assistive Technology Consideration Quick Wheel

Specifically designed to help IEP teams as they consider the student's need for assistive technology. The wheel presents valuable information about assistive technology and useful resources in an easy-to-understand format.

Price: \$7.95 (plus s/h)

Accessibility in Action: Universal Design for Learning in Postsecondary Settings

In this booklet, national experts—James Stachowiak, John Castellani, Tara Jeffs, Melissa Engleman, Linda Carling, Kristen Winter, and Deb Newton—offer practical ideas about how to integrate Universal Design for Learning (UDL) into postsecondary settings. Topics include: Implementing UDL in postsecondary classrooms, technology tools for implementing UDL, using UDL principles in online courses, and using Web 2.0 tools.

Price: \$22.00 (plus s/h)

ORDERING INFORMATION

Order TAM products directly from TAM's distributor, **Exceptional Innovations, Inc.**

- For JSET/TAM products, Exceptional Innovations accepts checks and money orders. Purchase orders are accepted for a fee of \$5.00. JSET subscriptions and TAM products can be purchased with a credit card on our secure website at www.exinn.net. Please note: When ordering by credit card, discounts may not be available.
- Make checks payable to **Exceptional Innovations, Inc.**
- Send your prepaid order to: Exceptional Innovations
ATT: TAM Products
P.O. Box 3853
Reston, VA 20195
- **International orders:** Checks must be in U.S. funds and made payable on a U.S. bank.
- A \$25.00 bank fee will be charged on all returned checks.
- **Sales Tax:** Virginia and Michigan residents please add appropriate sales tax. If you are a tax exempt organization, please enclose appropriate documentation.
- **Questions?** Contact Exceptional Innovations at 703-709-0136 or info@exinn.net.

Shipping:

- **Within U.S.:** First item add \$9.00, each additional item add \$3.00.

Shipping 10 or more of the same item in your order? Use the following pricing guide:

\$1.00 - \$150.00 — add \$35.00
 \$151.00 - \$300.00 — add \$45.00
 \$301.00 - \$650.00 — add \$55.00
 More than \$650.00 — add 10%

- **Outside U.S.:** First item add \$30.00, each additional item add \$3.00.
- **Note:** Shipping is included in the Journal subscription price.
- **Special offers: Please calculate shipping on the total number of items you will be receiving.**
- Orders will not be shipped without shipping included with payment.

[Note: Prices subject to change without notice.]
